

Richardson Highway Road Log

Fairbanks to Valdez:

The bold face numbers in the highway description are mileages on the Richardson Highway which runs from [Valdez](#) to [Fairbanks](#). Valdez mile 0, Fairbanks mile 364/km 586.

The Richardson was Alaska's first highway. It began as a pack trail in the late 1800's with branches to Eagle and Fairbanks. The 364 miles of this paved highway constitute one of the state's most scenic routes. Near Valdez, the highway winds along the turbulent Lowe River in Keystone Canyon. The sheer canyon walls contain countless waterfalls and interesting rock formations.

Leaving the canyon the highway climbs to the Thompson Pass and Worthington Glacier. The Richardson is the access highway to the Wrangell St. Elias National Park the largest park in North America. There are several communities along the way: Copper Center, a gold rush town, Glennallen, the trading center of the area and Delta Junction which marks the true end of the Alaska Highway. The Richardson Highway carries on to Fairbanks.

From [Delta Junction](#) to Valdez, the trans-Alaska pipeline parallels the route.

Updates on Road Conditions and Construction: <http://511.alaska.gov>

Emergency only - 911

mile 364/km 585.8 [Fairbanks](#).

mile 360.6/km 580.3 Parks Highway/Denali Park, bypass via the Mitchell Expressway.

mile 359.7/km 578.9 Business Route. Leads to Cushman St. and downtown Fairbanks.

mile 357/km 574.5 Badger Road is a 12 mile loop which rejoins the Richardson Highway at mile 349.5.

mile 349.5/km 562.5 [North Pole Alaska](#).

mile 349.5/km 562.5 Badger Road is a 12 mile loop which rejoins the Richardson Highway at mile 357.

mile 346.7/km 557.9 Laurance Road. **Chena Lake Recreation Area**. 86 camp sites with bathrooms and dump station. mile 341/km 548.8 Eielson Air Force Base. Built in 1943. Named for Carl Ben Eielson, famous Alaskan bush pilot.

mile 332.3/km 534.8 The Knotty Shop. A truly unique gift shop and museum.

mile 327.7/km 527.3 Little Salcha River.

mile 325.5/km 523.8 Community of Salcha.

mile 324.8/km 522.7 Munsons Slough and parking at south end of bridge.

mile 324.5/km 522.2 Parking.

mile 323.3/km 520 Salcha River State Recreation Site. 130 sites, boat launch, picnic area, toilets and water. Fishing for grayling and king salmon is good in the Salcha River. Fee area.

mile 322.2/km 518.5 Salcha River Lodge.

mile 321.5/km 517.4 Harding Lake State Recreation Area is a highly developed recreation area 45 miles southeast of [Fairbanks](#) (1.5-mile side road to campground on north side of Harding Lake) off the Richardson Highway. Harding Lake, is one of the few natural lakes near Fairbanks that can be reached by road, it is a favorite spot to swim, boat and fish. There are 90 camp sites for vehicles, a walk-in group camping area, toilets, water and dump station. There is also a large picnic and beach area with dressing rooms, a baseball field, volleyball court, horseshoe pits and campfire area.

Resident ranger. Pike and lake trout. Harding Lake was a brief stopover for Will Rogers & Wiley Post on their ill-fated flight to [Barrow, Alaska](#). Be sure to bring along your mosquito repellent!

mile 313/km 503.7 Parking.

mile 310/km 498.9 Parking.

mile 306/km 492.4 Rest area beside Birch Lake. Toilets.

mile 305.2/km 491.1 Birch Lake State Recreation Site is reached by turning north onto the gravel road for 1/4 mile. 17 camp sites, picnic area, toilets, swimming. Boat launch, excellent rainbow and trout fishing (boat recommended).

mile 304.3/km 489.7 Parking.

mile 298.2/km 479.9 Parking.

mile 297.6/km 479 Scenic view, parking on west side of highway. Access road to Tanana River.

mile 296.5/km 477.2 Parking with view of Tanana River.

mile 295.3/km 475.2 Banner Creek, historic placer gold stream.

mile 294/km 473.1 Parking.

mile 289.7/km 466.2 Parking.

Bell's Travel Guides

mile 288/km 463.5 Scenic view.

mile 286.7/km 461.4 Shaw Creek. Large parking area and boat launch good early spring and fall grayling fishing. Picnic table. View of Mt. Deborah (12,339 ft.) to the west, Mt. Hayes (13,832 ft.) to the southwest and Mt. Hess (11,940 ft.) between the two former peaks. All are a part of the Alaska Range which spans southcentral Alaska in a sweeping 600-mile arc.

mile 280.4/km 451.2 Parking.

mile 277.8/km 446.9 Quartz Lake State Recreation Area, access via 3-mile side road. 87 camp sites, Facilities include two boat launches, a handicap accessible fishing dock, picnic sites, a picnic shelter, swimming area, beach volleyball court, water, and toilets.. Stocked with rainbow, trout and coho. Boat recommended. Fee area. There are 12 camp sites at Lost Lake. Facilities include picnic area, water and toilets. Lost Lake is not stocked but its small picnic area is a favorite spot for those who want to enjoy the area's scenery and wildlife.

mile 275.4/km 443.2 Big Delta Bridge and Trans-Alaska Pipeline Bridge elevated 40 ft. above the Tanana River, this 1200-ft. bridge is the second longest on the route. (The longest crosses the Yukon River north of Fairbanks). Good view of the Alaska Range to the south. Large parking area at east end of bridge.

mile 275/km 442.5 Tanana Trading Post and Big Delta State Historical Park

mile 275/km 442.5 Rika's Roadhouse. The Valdez-to-Fairbanks trail brought travelers to the banks of the Tanana River, where they crossed by ferry. John Hajdukovich, a Yugoslavian entrepreneur, bought the land along with a fur trading post in 1909 making the Roadhouse over 100 years old.

The two-story roadhouse, built of logs became a year-round oasis for hunters, trappers, prospectors and travelers as well as local Athabascans and homesteaders. However, John had many other interests, including the responsibility of US Game Commissioner. Sitting still and running a roadhouse did not appeal to him so he simply asked guests to make themselves at home and leave some money on the table. He ran it in this way until 1918, when finally a dependable, hard-working Swede named Rika Wallen was hired to take over.

Learn more of this fascinating story by visiting the Roadhouse, refresh yourself at the Restaurant and enjoy the gift shop. Free admission to the park! Dump station available. 907-895-4201

mile 118/km 189.9 Dry Creek State Recreation Site. 50 camp sites, picnic shelters, water, toilets, trails and fishing.

mile 115/km 185 South Junction of Richardson and Glenn Highways. Here the Glenn Highway heads west 189 miles to Anchorage or 115 miles south to Valdez. If you're heading towards Anchorage see the Glenn Highway description.

● **Hub of Alaska** at the junction of Glenn and Richardson Highways. Produce, meat, ice cream, hot sandwiches, coffee, fishing tackle and licenses. Alaskan gifts and jewelry. ATM machine at the store. 907-822-3555

● **The Greater Copper Valley Visitor Center** stop by for up-to-date info about the area. 907-822-5555

www.travelalaska.com

mile 112.5/km 181 Parking, Historical Marker. Commemorates Alaska Road Commission which began in 1905. Great view of the Wrangell Mountains, 4 major peaks: Mount Drum, Mount Sanford, Mount Wrangell and Mount Blackburn.

mile 111.8/km 180 Copperville Road.

mile 111/km 178.6 Tazlina River Trading Post.

mile 110.7/km 178.1 Tazlina River Bridge.

mile 110.6/km 178 Rest Area. Picnic tables and toilets beside the Tazlina River.

mile 110.4/km 177.7 Tazlina River RV Park.

mile 106.2/km 170.7 North Junction of Old Richardson Highway loop road leads to historic [Copper Center](#). Wrangell-St. Elias National Park/Preserve Info Center located at Mile 105.5 Old Richardson Highway. The following information is about Copper Center. I recommend that you use the old highway so you don't miss a very picturesque Alaskan community. Copper Center is one of the oldest white communities in Alaska's Interior. Founded as a government agricultural experimental station, it later served as a transportation center for the gold rush prospectors who came over the old Richardson Trail from [Valdez](#) enroute to the Forty Mile area and Dawson.

● **Copper River Princess Wilderness Lodge** Mile 102 Richardson Highway, Brenwick Craig Road. 907-822-4000. Overlooking the Wrangell-St. Elias National Park, this lodge features a true wilderness experience. Participate in the many activities available including flight seeing, river rafting, horseback riding, fishing and excursions into the historic Kennicott mining district. Restaurant, lounge, espresso bar, gift shop and tour desk. Call 800-426-0500 for reservations
www.princessalaskalodges.com

Bell's Travel Guides

The **George I. Ashby Memorial Museum**, housed in rustic log cabins, the museum offers the visitor a unique look at the varied past of the Copper River Valley area. Exhibits include early mining of gold and copper, and Russian artifacts. No admission.

The Klutina River has good runs of both Alaska King salmon and the world famous Copper Red salmon. The Klutina-Gulkana Rivers offer some of the state's best fishing.

mile 101/km 162.5 Klutina River Bridge.

mile 100.2/km 161.2 South Junction of Old Richardson Highway loop road leads to historic Copper Center and returns to the highway at mile 106.1.

mile 90.7/km 146 Parking by Willow Creek.

mile 88.6/km 142.6 Viewpoint; Pipeline parallels highway.

mile 87.7/km 141.1 Parking by Willow Lake. Good views of Wrangell Range, over 50 miles away. Mt. Drum (12,010 ft.) is nearest peak. Mt. Wrangell (14,163 ft.) is semi-active volcano east of Mt. Drum. Mt. Sanford (16,237 ft.) is partly hidden by these two mountains and Mt. Blackburn (16,390 ft) the tallest of the four major peaks.

The Wrangell Range takes in an area of over 5,000 square miles, and has 12 peaks above 10,000 ft. Innumerable glaciers drain northward into the Tanana and Yukon river systems which flow into the Bering Sea. Glaciers also drain southward into the Copper and Chitina river systems which empty into Prince William Sound and the Pacific.

mile 83/km 133.6 Parking at Pippin Lake.

mile 82.6/km 132.9 Junction. **The Edgerton Highway** branches off to the small community of Chitina (33 miles) and into the Wrangell St. Elias National Park to the ghost towns of Kennicott and McCarthy (60 miles past Chitina) This takes approximately 3 hours to drive and the road can be quite rough. The first 33 miles to Chitina are paved. Liberty Falls Campground, with 6 units, grayling fishing, is located 24 miles from this junction.

Chitina (pronounced CHIT-na) has a population of 171. Its beautiful scenery, dilapidated buildings and fishing in nearby lakes and streams are its main attractions. 2 miles from Chitina across the Copper River is a camping and picnic area. The highway leading to the campground crosses a \$4 million-dollar bridge which is part of a project designed to provide good access from Chitina to the mineral-rich area surrounding McCarthy and the [Wrangell-St. Elias National Park and Preserve](#), the largest Park in the USA.

Chitina became prominent about 1910 as a railroad and mining supply center, after completion of the Copper River and Northwestern Railway from the coastal town of Cordova to the world-famous copper mines at Kennicott. The road from Chitina to McCarthy follows the path of the old railroad. This gravel road is state maintained from May 15 - September 15 and is passable by any standard passenger vehicle. There are no vehicle services beyond Chitina and the road is narrow in places, so watch for other traffic. There are old railroad spikes along the way in the roadbed, so drive carefully. Check at the Ranger Station at Chitina for current road conditions. There is a footbridge across the Kennicott River. The town of McCarthy is a half mile beyond the end of the first bridge. Van transportation is available to Kennicott and McCarthy from the footbridge. Call Wrangell Mountain Bus 554-4411 from the pay phone at the bridge.

Bell's Travel Guides

● **Wrangell Mountain Air** A real Alaska experience might be summed up in a few words; Mountains, glaciers, wild, untamed wilderness and rustic frontier towns. Wrangell Mountain Air is your ticket to the wonders of Wrangell-St. Elias National Park. Based at McCarthy near the center of the park, the company offers fly-in day trips to Kennicott National Historic Landmark with optional history tours and glacier hiking, flightseeing in what has been described as the Himalayas of North America. Fly-in backpacking, base-camping and river trips are also available. Take advantage of scheduled daily flights from Chitina and McCarthy and spend a couple of days in the area. Reservations required. 1-800-478-1160.
www.WrangellMountainAir.com

The "Company Town" of **Kennicott** and its support town of McCarthy sprang up in 1910 with the development of the massive high grade copper deposits at the Kennicott Mine and flourished until 1938 when the mine and railroad were abandoned. In 1986 the Kennicott Mine was named a National Historic Landmark. Today there are about 50 residents in Kennicott / McCarthy area.

● **Kennicott Glacier Lodge** is a full service lodge with hotel rooms, restaurant, guided tours, hiking, and flight seeing. A unique opportunity to stay and explore the famous ghost towns of Kennicott and McCarthy. Comfortable lodging, indoor bathrooms and hot showers as well as a cozy living room with a library and fireplace. Accommodation is limited so there is lots of personal attention from the staff. Historical tours with knowledgeable guides are available 907-258-2350, or toll free 1-800-582-5128.
www.kennicottlodge.com

mile 79.5/km 127.9 Squirrel Creek and Squirrel Creek State Recreation Site. 25 camp sites, water, toilets, firepits and fishing in creek. Fee area. Limited turn around space at end of road. If you are driving a large RV it is best to park near the entrance and walk to select your site. Road is fairly rough.

mile 79.1/km 127.2 Tonsina River Bridge. Tonsina River and Little Tonsina River which parallels the highway from mile 74 to mile 65, has good Dolly Varden, salmon & grayling fishing.

mile 74.5/km 119.9 Large parking area.

mile 72/km 115.9 Parking with view of Alaska Pipeline.

mile 65/km 104.6 Little Tonsina River.
